OUR PARTNERSHIP ORGANISATIONS

Our partners are committed to addressing the root causes of poverty that create opportunities for exploitation and separation.

CRISIS PREGNANCIES

Mother's Heart

www.mothersheartcambodia.org

Empower, equip and educate women and their families, so that no woman faces a crisis pregnancy alone.

FAMILY SEPARATION:

Children in Families Cambodia

www.childreninfamilies.org

Equip and strengthen families and communities to provide a nurturing environment for children, through family-based care, community development and educational support.

COLLECTIVE 61

Collective 61, pioneered by Adore, is an initiative of Enjoy Communities, Enjoy Church's community arm. We partner with like-minded organisations and leaders who are committed to strengthening families at risk of exploitation and separation.

Psalm 68:6 (NIV)
God sets the lonely in families...

With poverty being the primary driver of family separation, our vision is to see the capacity of vulnerable families increased so that they might be empowered to regain control of their lives and stay together.

By strengthening **families,** we effectively strengthen **communities.**

FOCUS NATION: Cambodia

Crisis Pregnancies:
• Due to the high instances of rape and sexual exploitation, 1 in 5 Cambodian women find themselves with an unplanned/unwanted pregnancy
• With abortion seeming like the only feasible option, 89% of women seek to have an abortion outside of legal clinics
• 1 in 5 maternal deaths in Cambodia are the result of an abortion

Family Separation:
• Poverty should never be the only justification for the removal of a child from parental care, rather **a signal to provide support for the family** (UN Guidelines on Alternative Care).
• Globally, up to 8 million children live in residential based care such as orphanages and children's homes.
• 80% of these children have a biological family, who with the appropriate support could remain together
